 Check-in: From 10am

Arrival:
 Labuan Bajo (LBJ), Flores
 Labuan Bajo - Bali (Direct)
 Labuan Bajo - Jakarta (Direct)
 Check-out: Until 11am

Day
01

Sumbawa Besar

Welcome onboard Aliikai Voyage. We depart Sumbawa Besar heading east towards the island of Moyo. The remainder of the day is reserved for diving or snorkeling around the western part of the island.

Return to the boat for delicious al fresco dinner under the stars

Day
02

Moyo Island

Our first morning will be dedicated to water activities exploring the underwater world of Moyo by snorkeling or diving. Kayaks & Stand Up paddle excursion will also be on the menu.

The rest of the day will be spent exploring the island in search of hidden jungle waterfalls. Come back to the boat for another sunset aboard Aliikai Voyage facing Mt Rinjani on the nearby island of Lombok.

Day
03

Saleh Bay & Satonda

After a short overnight sail, we wake up in Saleh bay, where whale sharks are often spotted. We will have an up-close encounter with the gentle giants when we dive near fisherman's platforms. It is a lifetime experience for children and those young at heart!

After this lifetime experience, we are sailing north towards Satonda Island.

Satonda island is an ancient volcano and has a salt water lake in the middle of the island where you can swim, kayaking or do some stand up paddle board.

Day 04

Sangeang

Today we awake to the view of the towering Sangeang volcano, located off the coast of Sumbawa. Today we explore the island where we will view local shipwrights' handcraft traditional boats with simple tools and traditional techniques passed down through generations.

This afternoon you have the choice of hiking a rugged volcano or exploring one of the nearby reefs.

Hot Rock Reef, suitable for both snorkeling/diving, emits hot gas bubbles up through fissures - a unique underwater experience. We return to the boat to enjoy dinner and sail to Gili Banta.

Day 05

Gili Banta

Today we devote the date to exploring and relaxing at Gili Banta. Our crew will set our signature beach camp on a white and pink sand deserted beach where you will enjoy idyllic beach time and water activities. It is the perfect place to try water skiing or snorkel the nearby reef.

The day concludes with a beach dinner of grilled fish and other delicacies accompanied by a magnificent sunset.

Day 06

Gili Lawa Darat & Gili Lawa Laut

Welcome to the world-famous Komodo National Park! Today we explore the northern side of the park near the islands of Gili Lawa Darat and Gili Lawa Laut. Home to some of the best dive sites of Indonesia, you will encounter trevally groupers, sweetlips, barracudas, and white tip reef sharks.

Before sunset, we hike to a ridge to enjoy a spectacular panorama from where we can admire the entire bay and its turquoise waters.

Day
07

Manta Point & Rinca

This morning we head out to Makassar Reef, better known as Manta Point, where you have an opportunity to swim with the graceful Manta rays. Makassar reef is a long shallow reef located between the island of Komodo and Tatawa Besar, where the current carries plankton-rich water, the perfect feast for the Mantas.

After lunch, we sail to Rinca Island, where we will spend a few hours trekking the island in search of the legendary Komodo dragons. A local ranger will explain its unique role in the ecosystem and how it came to reside in this part of the world.

As dusk sets, we will cruise to Pulau Kalong, where thousands of bats live in the mangrove during the day. As the sun goes down, you will hear the entire island coming to life before they all take the skies heading to Flores Island in search of fruits. A true nature spectacle.

Day
08

Labuan Bajo

After breakfast onboard, the crew will transfer you to the airport for your onward flight.

This is only a sample itinerary that may change due to weather, sea conditions or by instruction of the captain to ensure the security of its passengers and crew members
