Hidden Caves, Endless Reefs & Manta Rays

Located in a remote area of West Papua lies Raja Ampat, translated to The Four Kings, truly one of the jewels in Indonesia's crown. A multifaceted gem where mysterious lands and legends meet an unrivaled underwater paradise.

Raja Ampat National Park is an expansive network of islands, with the four main islands being Waigeo, Batanta, Salawati, and Misool. The vast waters of Raja Ampat are known to have one of the highest concentrations of marine biodiversity in the world, and it's a stunning masterpiece of vibrant corals and a wide array of sea life. For some, the underwater world pales compared to the bounty available on land, a birdwatcher's paradise, and exotic culture.

Traveling to Raja Ampat is a journey unto itself, but it is well worth it!

Caves & Reefs of Misool

This day will mark the start of your Raja Ampat Adventure in the southern area. Southeast Misool is a place famous for its beautiful coral-draped reefs and a highlight of your Raja Ampat Adventure. The profusion of colorful soft corals and sea fans makes this a haven for the marine animals in the area. Fiabecet has a number of top-notch luxurious snorkeling dive sites where the corals are outstanding. These sites are Nudi Rock, Fiabecet Whale Rock, and Batu Kecil.

Take your pick which site to visit and you will never be disappointed with any of them! All these sites are bursting with schools of fusiliers, surgeons, barracuda, and of course, the friendly batfish. Apart from these, there is a high chance of seeing wobbegong and other friendly sharks. The islands around Misool are grouped by areas. Balbulol, Daram Wayilbatan or Yilliet – each of them with stunning land and sea as well as snorkeling sites.

During our time Cruising Misool, we won't forget to pay a visit to the breathtaking Tomolol Cave to have a once-in-a-lifetime experience. This huge cavern provides an exciting experience where you can swim through its cavernous insides. The walls are lined up with crystal encrusted walls and giant stalactites.

Penemu Island

Today we explore the beautiful Penemu Islands - a cluster of rocky limestone domes draped in lush vegetation. These islets encircle a shallow bay and a walking trail that winds around the rocky hills to a lookout offering a panoramic view of the outlying islands and the ocean beyond. Nearby lies some of the most outstanding snorkeling and diving sites in the area. These nutrient-rich waters are home to a wide array of marine life and intricate coral gardens, including sea turtles, manta rays, and large schools of game fish.

Day

Kri Peninsula

This morning, you'll awake to the calls of tropical birds as they, too, are preparing for their day. Mioskon Bay is a spectacular spot where you can snorkel in the mangroves or kayak on mirrored waters along the verdant coastline. Famed for its fish life and coral slopes, the Kri peninsula offers some of the most exquisite underwater vistas in Raja Ampat. Nearby, the island of Mansuar is home to a village where you can head ashore for a glimpse of local culture. In the afternoon, Mutira Laut embarks on a crossing to Sorong where we will arrive in the night.
