Sorong

Upon arrival at the Sorong airport, you will be met by Mutiara Laut's crew and transferred to the harbor, approx. 20-minute drive. You'll have to settle in before we depart Sorong to cruise onward to the islands of Raja Ampat. Lunch will be served on deck. If time allows, we will stop for snorkeling or try a check dive before serving sundowners to the backdrop of a magnificent sunset. Tonight dinner will be served under the stars.

Misool

This morning, Mutiara Laut will reach the southeast end of Misool. You will awake to a shimmering pastel sunrise and enjoy a decadent breakfast on deck. This chain of tiny islands carves the area into hundreds of narrow channels concealing lagoons, coves, cliffs and limestone overhang, caves and endless pristine beaches. Here in Raja Ampat's southernmost island, you will spend three days exploring Misool's treasures.

The surrounding dive and snorkel sites have been voted some of the best in the world: Boo Windows, Magic Mountain and more, a myriad of exhilarating and relaxing underwater pursuits. Above water, we will explore the ethereal "Gua Sacral" ancestral caves of Tomolol, a former burial site of Indigenous Papuans. Swim through a cathedral-like cave coated in orchids and discover ancient cave paintings edging the crystal blue surface.

Powder sand beaches await your footprints, and you can claim one as your own for as long as you like, hunting for shells or picnicking in the shallows.

Day

05

Penemu Island

A cluster of rocky limestone domes makes up the Penemu Islands. Draped with tiers of green vegetation, the islets encircle a green bay and a walking trail along the rocky hills leads to a look out with magnificent views of the lagoon, its outlying islands, and the ocean beyond. Nearby lie some of the most celebrated snorkeling and diving sites in the area where turtles float over intricate coral gardens and Manta rays meet large schools of game fish in nutrient-rich currents.

Day

06

The Passage

Rise at dawn for the best chance of spotting a rare Red Bird of Paradise. Our cruise director can accompany you on this jungle hike of around 45-minutes to reach the birdwatching platform, where you can keep your eyes and ears open for signs of this elusive bird. After breakfast, take in the statuesque mushroom islands of Kabui Bay, marking the entrance to a narrow channel of water through which strong currents run with each tide, forming a saltwater river with plentiful coral and fish-life.

Wayag

The Wayag Islands are an interminable maze of lush green peaks rising from multi-hued azure water - the quintessential landscape of Raja Ampat. Wayag offers a spectacular backdrop for water sports and beach time. Climb the island peak for a panoramic view of turquoise waterways or the ultimate downtime on one of the deserted beaches. Both are ideal spots to view the sun melt into the horizon. This is a stunning chain of islands to spend the next 3 days, with plenty of amazing beaches and underwater sites.

Day
09

Wofoh

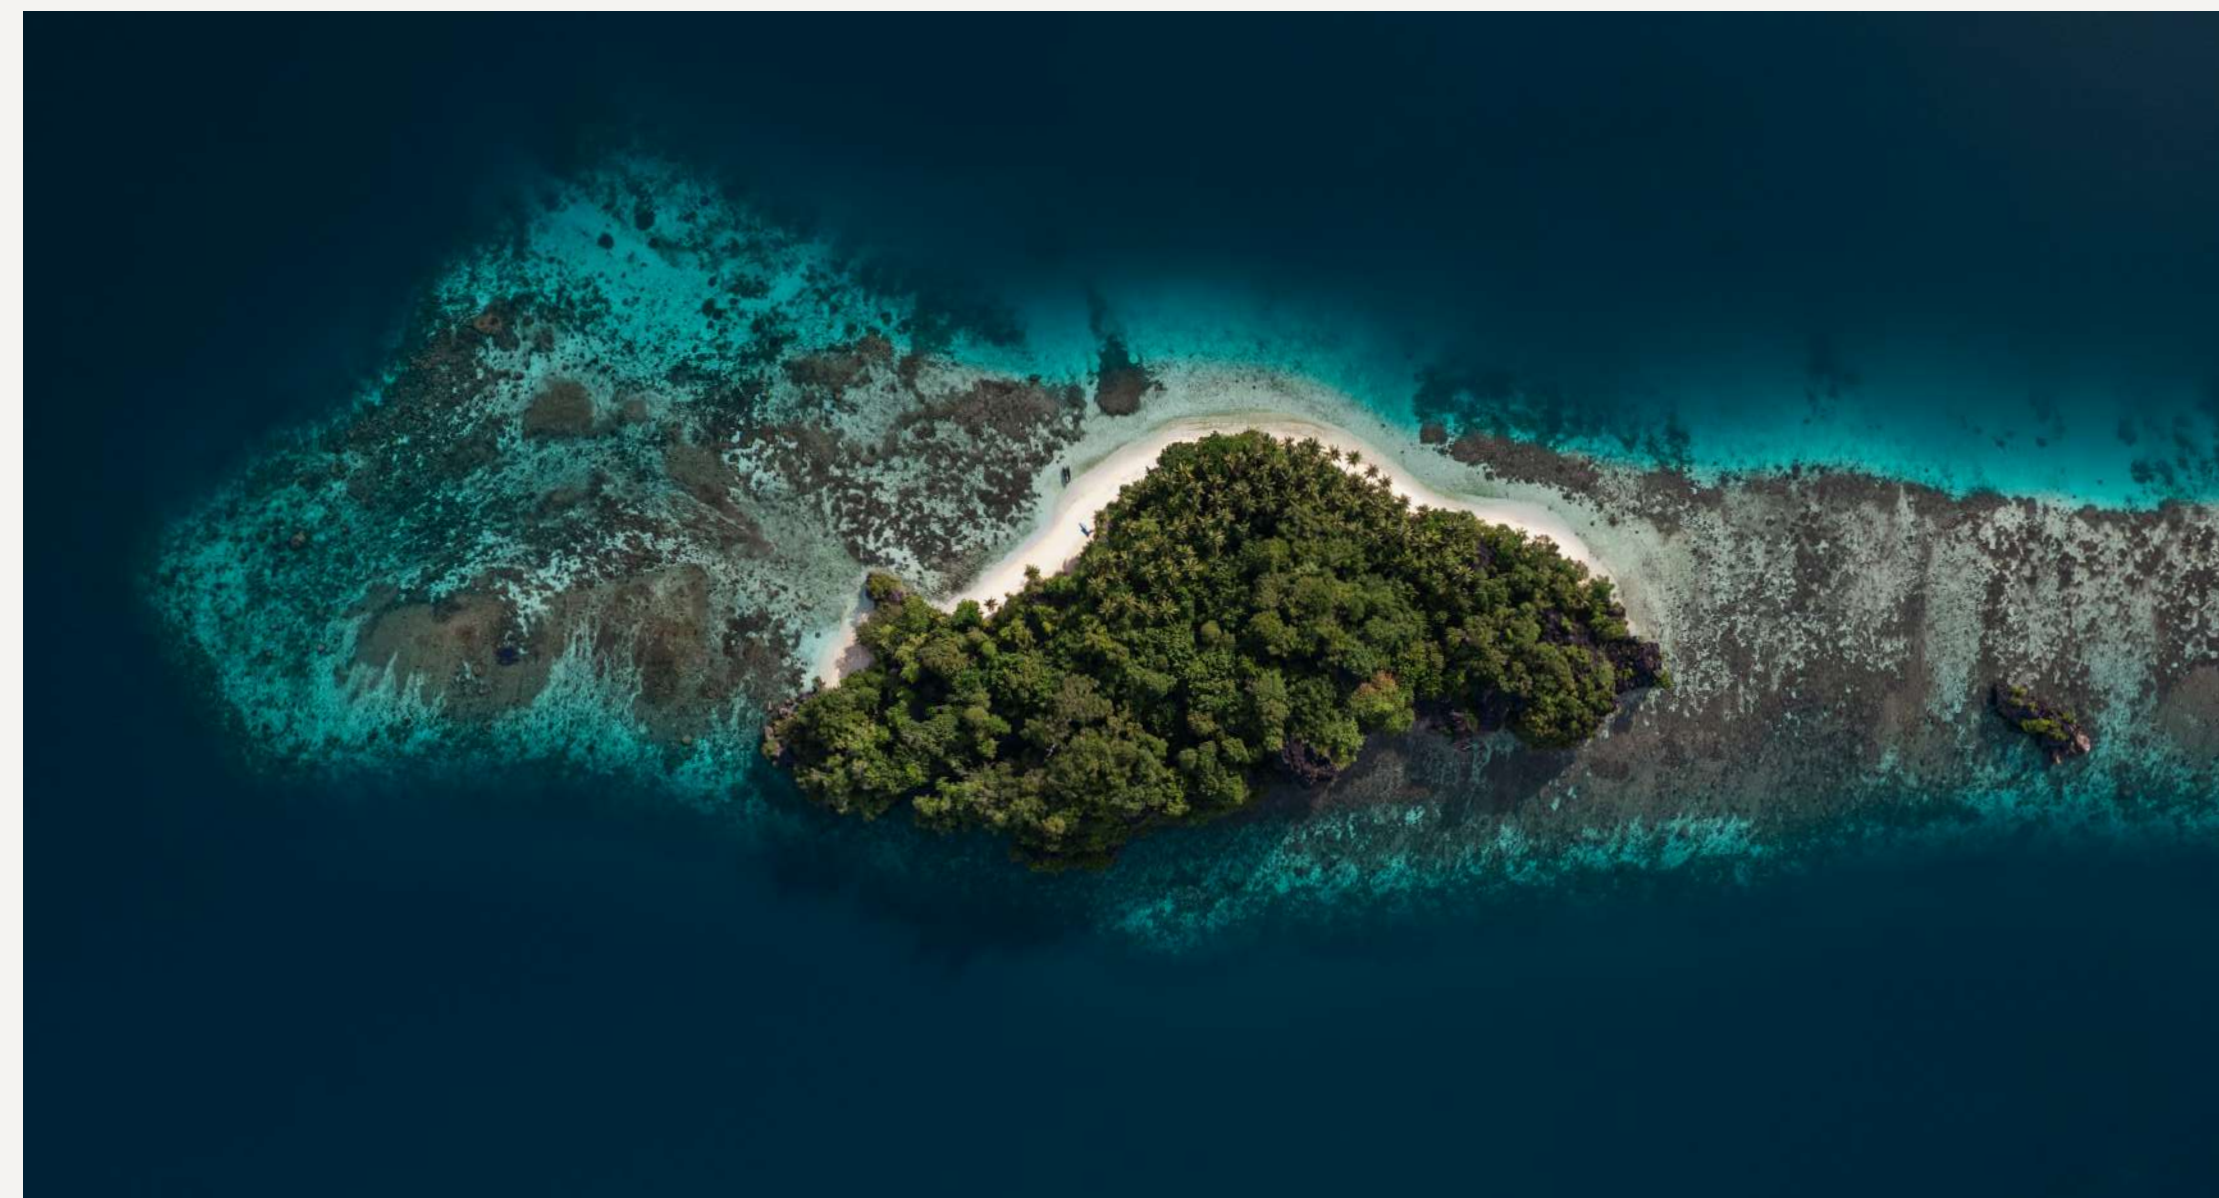

Today we anchor in Wofoh, two islands connected by a shallow reef, the idyllic spot for beachcombing, paddle boarding, and kayaking. Wofoh is also home to a magnificent coral wall that plunges into the crystal blue water offering stunning views of brightly colored sea life darting between barrel sponges and multicolored soft and hard corals.

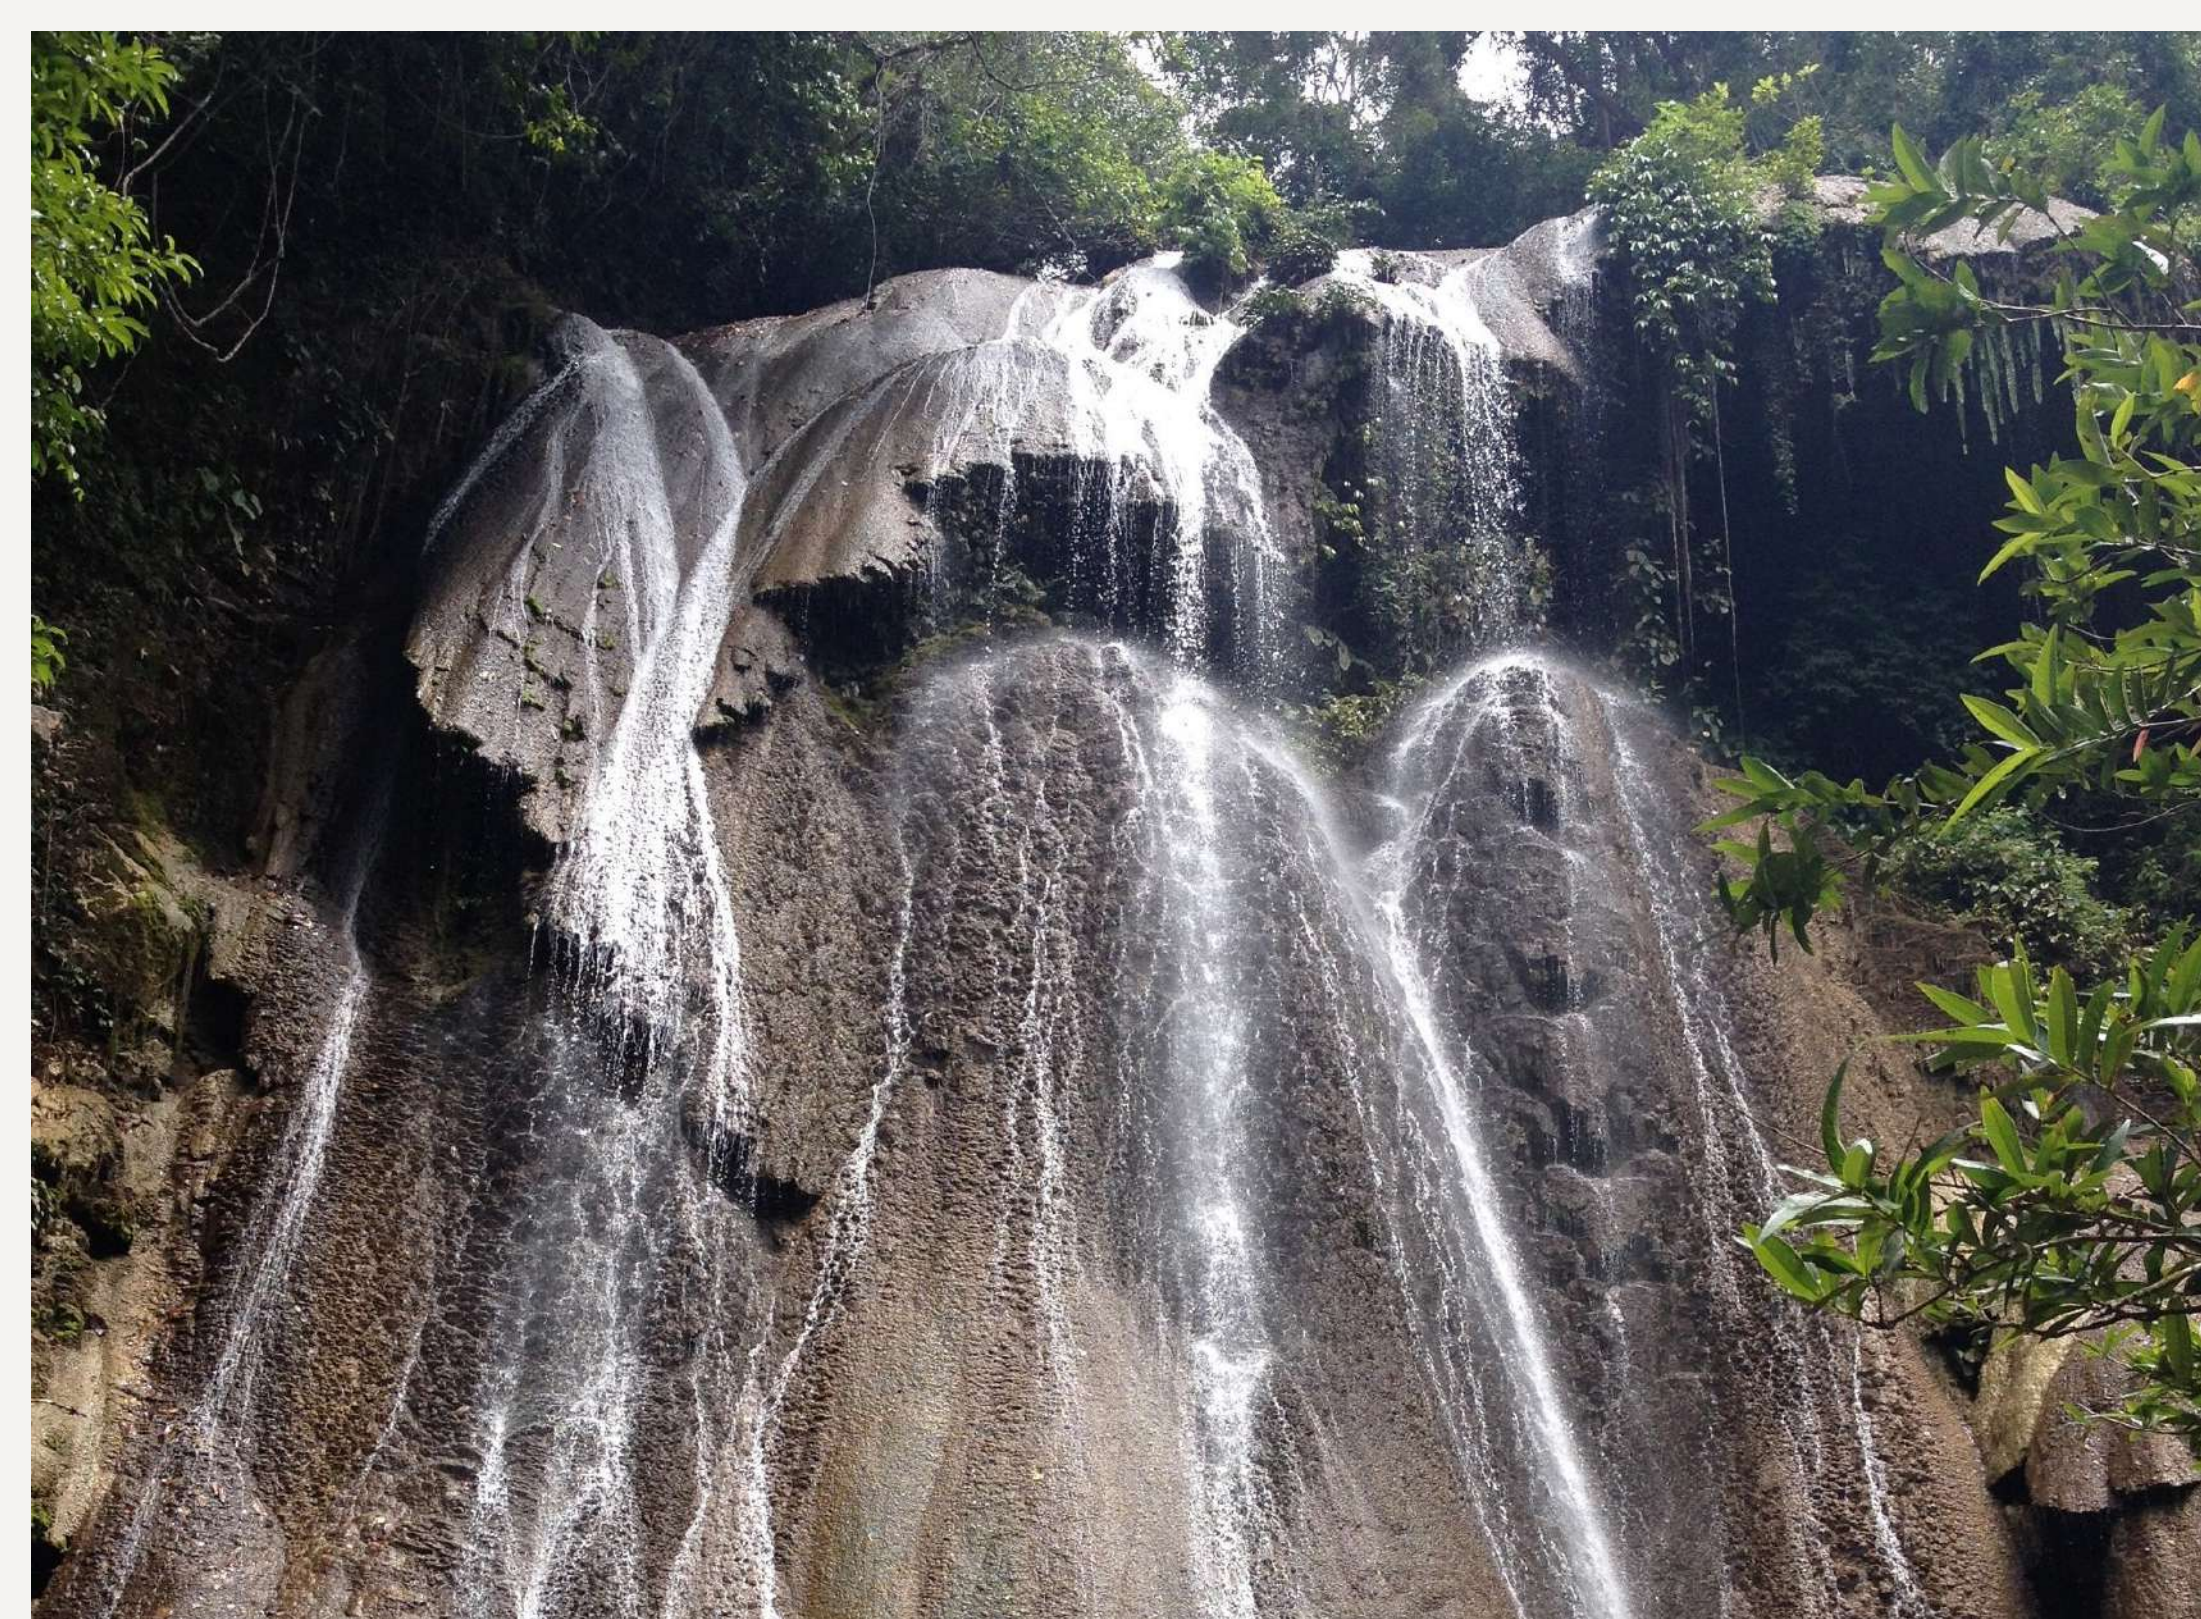

Day
10

Kri Peninsula

This morning, you will awake to the sound of tropical birds calling from the jungle. Mioskon Bay is a spectacular spot where you can snorkel in the mangroves, or kayak mirror still waters along the verdant coastline. Famed for its fish-life and coral slopes, the Kri peninsula offers some of the most exquisite underwater vistas in Raja Ampat. Nearby, the island of Mansuar is home to a villa where you can head ashore for a glimpse of local culture.

Day

11

Batanta & Dayang Island

Today we explore the natural beauty of Batanta Island, the smallest of the 4 major islands of Raja Ampat. After breakfast, we embark on an island trek to the northern coast to cool off at two jungle waterfalls. The trek takes us along riverbeds, where we have the chance to spot endemic birds and wildlife.

After lunch, we head to Dayang Island, where we dedicate the afternoon to relaxation and water activities. Enjoy our last Raja Ampat sunset surrounded by the sounds of the rainforest. In the afternoon, Mutiara Laut embarks on a crossing to Sorong where we will arrive in the night.
